United States District Court

For the Northern District of California

1 Missud has now filed a motion for reconsideration of the order dismissing the case in
2 light of the fact that he filed a notice declining the jurisdiction of a magistrate judge and an
3 opposition to relating these actions, although the actions are plainly drawn to the same
4 conspiracy theory regarding the enforcement of parking regulations. Missud has also filed
5 several financial documents that he received pursuant to a public records request, which he
6 contends prove his conspiracy allegations. He has requested judicial notice of those documents
7 as well as several letters he sent to the United States Department of Justice and the Federal
8 Bureau of Investigations regarding his allegations. All of Missud's filings contain wildly
9 implausible and vexatious accusations of racketeering plainly designed to waste judicial and
10 governmental resources.

11 Missud's motion for reconsideration and his requests for judicial notice are hereby
12 **DENIED.**

13
14 **IT IS SO ORDERED.**
